PROFESSIONAL SUMMARY

- **3 years** of experience in React.js, React Native, Next.js, TypeScript and Node.js development
- Developed backend APIs using Node JS and Express
- Strong knowledge in HTML and CSS
- Strong knowledge in MERN Stack application
- Worked in FireStore and AWS
- Good knowledge in mongoDB and MySQL database Schema
- Strong knowledge in Redux state management
- Strong knowledge in Git version control system
- Good knowledge in DataStructure and Algorithm
- Deployed application using AWS, Firebase, Github, Vercel, Heroku
- Worked in unit testing using Jest

WORK EXPERIENCE | Prodjar | Full Stack (AUG 2019)-Current

VoxGuru

Integrated Paypal and PayU payment Gateway - Integrated Push Notification- Monitored user's interactions -(Wrote) Unit Tests modules in Jest - Implemented figma design screens with pixel perfect accuracy- Wrote database schema and REST APIs -Developed admin dashboard in react.js - Integrated sendgrid in node js - Developed application along with node.js and mysql - Deployed application in production.

Tech Stack- React JS, React Native, Redux, MySQL, AWS, firebase and Node.js

Kencil

Translated Implemented Figma design screens from scratch - Integrated Razor pay to enable payments - Integrated Zoom video call - Built Reusable UI components - Developed admin dashboard along with react.js, node.js and mysql. Integrated S3 bucket for file storage. Developed both student and parent applications.

Tech Stack- React JS, React Native, Redux, MySQL, firebase and Node.js

Busyhub

Coordinated with team - Increased web application performance Implemented Design screens - (Wrote) Database maintenance tasks -Developed web application along with react.js, node.js and mysql.

Tech Stack- React JS, Redux, MySQL and Node.js

PickYourTrial

Translated multiple figma design screens - reduced bug 50% - built reusable components - Improved web app performance.

Tech Stack- React JS, React Native, Redux, MySQL and Node.js

Other Projects

MobilSec, Developer Connect, Chat App, Olx Clone and for more details visit my portfolio

SKILLS

- MongoDB / MySQL
- React JS/React Native
- Express and Node JS
- Firebase / AWS
- Data Structure and Algorithm
- TypeScript / GraphQL
- Java
- Docker
- JavaScript

AWARDS

Star Performer of the month
January 2021

EDUCATION

M Kumarasamy College of Engineering, Karur

June 2015 - 2019

Electronics and
Communication Engineering
